

Find! Double Branched Gongs

Look and Listen! This artist designed sculptures that use movement, vibrations and wind to make sound.

Think! What kind of sound could this sculpture make? Circle the adjectives below that could describe it.

Ringing Quiet Soft

Noisy Thunderous Sharp

Booming Brassy Shrill

Whistling Loud Clanging

Harry Bertoia, (American, 1915-1978) *Double Branched Gongs*, 1970-1971, Bronze sheet and welded bronze. Gift of Audrey and Bernard Berman, 1982. (1982.17.0)

Find! *Metallurgical Worker (The Puddler)*

Look! What do you notice about this statue? What kind of details did the sculptor include?

Write! On the lines below, create a short story inspired by this statue. Who is The Puddler? What kind of job did he have?

Jean-Lion Gerome (French, 1824-1904) *Metallurgical Worker (The Puddler)*, 1902-1903, Bronze. Gift of Bethlehem Steel Corporation, 1982. (1982.8.2)

OUTDOOR TREASURE HUNT

Help us protect our artwork! Please don't touch the outdoor artwork—the natural oils in our hands will cause damage slowly over a period of years. It's best to stay three feet away from any artwork, so you have plenty of room in case of an accident.

This treasure hunt is sponsored by the Allentown Art Museum Auxiliary. Share your thoughts with us on social media tagging us at @AtownArtMuseum and #AAMatHome!
