

Sensory Friendly Artmaking in the Crayola Classroom

Join us in the Crayola Classroom each Sensory Saturday to make art with our team of museum educators!

January-March: *Tactile Textiles and Texture Weaving:*

Many textures can be found in the natural world. Explore your sense of touch and make a weaving using different types of fibers and tactile materials inspired by the textures in the natural world. Tie, weave, loop, and tangle a variety of textures to fill your loom and make a woven artwork..

Weaving Materials for Sensory Hour:

- strips of fleece material
- big blanket yarn
- faux fur material strips or ribbon
- feather boas
